

## DIALOGUE DAY 2021

Ubuntu Centre of Excellence in Global  
Citizenship Education? - vision, mission  
and opportunities

---

15th June, 10:00am - 12:30pm

The online gathering will bring together educators that are involved or interested in making Global Citizenship Education (GCE), Development Education (DE) and Education for Sustainable Development (ESD) central to Initial Teacher Education in Ireland. Dialogue sessions on the day will address Ubuntu priority work areas including advocacy, knowledge exchange, research, teaching and networking and will be framed in the context of the Céim standards, accreditation, national strategies on GCE/ESD and Ubuntu-supported projects and initiatives.

Crucially discussions will inform and shape the *Ubuntu Network GCE Strategy to 2030*. This is an opportunity for Network members and interested parties to help shape the work of the Network into the future.

For more information, or to register for the event, email [info@ubuntu.ie](mailto:info@ubuntu.ie)
